Congreso Mexicano del Petróleo
19 - 22 de junio, 2024 Tampico, Tamps.

CONGRESO MEXICANO DEL PETRÓLEO

Meet our #ReservoirExperts

Mohammed Ibrahim
Global Services Manager in PS

Rómulo Guédez
Senior Geoscientist, Technical Advisor Latin America

Diana Guzmán
Region Manager Latin America

Roberto Torres
Business Manager Mexico

Jorge Amaya
Business Manager Mexico

Agenda

Thursday, June 20

- 10:00 AM. **GeoAI Machine Learning Solution for Reservoir Characterization Studies. Presenter: Rómulo Guédez.**
- 11:30 AM. **Fractured reservoir characterization - full utilization of azimuthal seismic data. Presenter: Mohammed Ibrahim.**
- 3:00 PM. **Application of geostatistical seismic inversion in areas adjacent mature fields. Presenter: Rómulo Guédez.**

Friday, June 21

- 10:00 AM. **Predicting Unconventional Shale Reservoir Properties using a Convolutional Neural Network – HampsonRussell's GeoAI. Presenter: Rómulo Guédez.**
- 11:30 AM. **Fractured reservoir characterization - full utilization of azimuthal seismic data. Presenter: Mohammed Ibrahim.**
- 4:00 PM. **Technology and Services that make a difference: Case studies from around the world. Presenter: Mohammed Ibrahim.**
- 4:00 - 6:00 PM. **Happy Hour.**
- 6:00 PM. **Apple Watch Giveaway!**

EXPO TAMPICO. TAMPICO, MEXICO. BOOTH 502
